

Math 2 Changes 2018-2019

Note that the numbers on the left refer to the latest draft of the current 2018 edition. When a problem from 2017 was removed, its 2017 number is noted in the comment. Any insertion or deletion obviously causes a renumbering of the subsequent problems.

10	removed italics
30	added requirement of lattice points
180	added to commentary
212	changed last question and commentary
535	changed middle picture
388	corrected answer
390	inserted (Continuation)
391	inserted (Continuation)
432	fixed answer
494	fixed tabs in part (b)
644	changed <i>DAP</i> to <i>ADP</i> in part (d)
650	changed primes to hats, e.g. A' to \hat{A}
652-653	problems 653 and 654 from 2017 removed, subsequent problems renumbered
662	new stat problem, subsequent problems renumbered
663	new stat problem, subsequent problems renumbered
665	edited last sentence for space
676-677	switched the order of these two for space considerations
681-682	problem 682 from 2017 removed, subsequent problems renumbered
690-692	new stat problems, subsequent problems renumbered
697-698	problem 696 from 2017 removed, subsequent problems renumbered
703	edited first sentence, removed second sentence
719	new stat problem, subsequent problems renumbered
724	changed formatting to fit picture in 724
725	changed formatting to fit picture in 724
726	changed formatting to fit picture in 724
733-734	problems 732 and 733 from 2017 removed, subsequent problems renumbered
762	new stat problem, subsequent problems renumbered
763	new stat problem, subsequent problems renumbered
764	changed formatting to fit table in 761/762
765-766	problem 764 from 2017 removed, subsequent problems renumbered
768-769	problem 768 from 2017 removed, subsequent problems renumbered
776	reworded last sentence, adjusted picture
777	reformatted due to picture in 775
782	new stat problem, subsequent problems renumbered
789-790	problem 789, 790, and 791 from 2017 removed, subsequent problems renumbered
795	answer corrected
807	new stat problem, subsequent problems renumbered
814-815	problem 816 from 2017 removed, subsequent problems renumbered
815	new stat problem, subsequent problems renumbered
824-825	problem 826 from 2017 removed, subsequent problems renumbered
825	reformatted

Math 2 Changes 2018-2019

864-865	problem 867 from 2017 removed, subsequent problems renumbered
870	new stat problem, subsequent problems renumbered
892-893	problem 895 from 2017 removed, subsequent problems renumbered
893	reformatted
894	reformatted
896	new stat problem, subsequent problems renumbered
897	new stat problem, subsequent problems renumbered
898	question mark changed to period in part (b)
p201	added “adjacent” to Angle Bisector Theorem
p205	added “extrapolation” to reference
p206	added “interpolation” to reference
p207	added “least squares line” to reference
p207	added “linear regression” to reference
p207	removed “median-median line” from reference
p207	removed “median-median point” from reference
p208	added “negative association” to reference
p209	added “ray” to reference
p210	removed sentence from definition of “similar”
p211	removed “summary point” from reference
p213	changed reference of “zero-residual line”
