

## Math 6 Changes Summer 2019

This is the first update to the Math 6 book since 2012. There is a major change in the organization of the book. In the 2012 version, problem numbers start at 1 at the top of each page. Now, in the 2019 version, the problems are numbered sequentially starting at 1 at the beginning of the book. The problem numbers below are from the current, 2019, version.

55	new problem
68	students instructed to use sum to product rule
75	formatting
147	moved; was page 28 problem 1
