Relationship violence or sexual assault can happen to people of any gender or sexual orientation. If you have personally experienced violence or assault or are concerned about a friend who has, please seek help.

**MANDATED REPORTING**

Cases of sexual assault and violence will be reported to the Division of Children, Youth and Families (if under 18) and the Exeter Police Department (EPD). EPD may share information about a case with the Academy, unless the family requests that they do not do so. The Academy will not force a student who has experienced sexual misconduct to make a report.

**AMNESTY PROTECTION**

The Academy will not discipline students who have experienced sexual misconduct, or bystanders who provide information to help, for violations of Academy rules that may have taken place at the time of the incidents they are reporting.
